**REASONS IN SUPPORT  
OF REQUEST FOR WITHDRAWAL AS ATTORNEY**

This is submitted in support of Form PTO/SB/83 in the above-referenced application.

I seek withdrawal as attorney in this application, as I have found it impossible to communicate meaningfully with my client, the applicant. The applicant is an independent inventor residing in Austria. To date, in seeking to explain official actions and requesting information regarding preparing a response thereto, I have received numerous lengthy emails from the applicant. However, these emails are almost always relating to arguing in detail an obscure point that has nothing to do with the outstanding issues. I have tried several times to explain to the applicant that I need only certain technical information and certain definite responses to particular questions, so that a reasoned response can be made. Yet, I have never received any specific instructions

which could be meaningfully applied to answering the examiner's rejections. All I receive are discussions about non-elected claims, and other points that have nothing to do with the specific rejections at hand. I feel that I am caught in a bind - I must respond to official actions, but the applicant refuses to provide direct assistance or instructions; when I file a response based on a my best ability as a patent attorney, I am criticized by the applicant for not incorporating discussion points that I deem to be irrelevant or inapplicable.

I have notified the applicant of my intention to file this withdrawal, and have advised that she should immediately act to seek new U.S. counsel. There are no current deadlines applicable to this application.

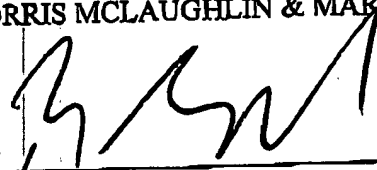

Accordingly, I ask that my request to withdraw as attorney in this case be granted.

Your consideration and favorable disposition of this petition is earnestly solicited.

Respectfully submitted,

NORRIS MCLAUGHLIN & MARCUS, P.A.
